Pay As Little As $20* on up to 12 prescriptions

*See full program terms and conditions including max benefit below

This co-pay savings offer is only valid for commercially insured and cash-paying patients. This offer is not insurance. It is not valid for prescriptions covered or submitted for reimbursement in whole or in part under Medicaid, Medicare, or other state or federal healthcare programs, including any state medical pharmacy assistance program.

Patient Instructions: Pay as little as $20 for each prescription of 30 patches if your out-of-pocket cost is $100 or less. If your out-of-pocket cost is more than $100, you will save a total of $80 on each prescription of 30 patches. Offer valid for up to a total of 12 prescriptions of 30 patches. You must bring this offer with you to the pharmacy with a valid prescription each time you fill Daytrana® (methylphenidate transdermal system). By using this offer, you acknowledge that you meet the eligibility criteria and will comply with these terms and conditions. Offer limited to one use per month. If you have any questions, please call 1-866-889-4512, 24 hours, 7 days a week.

Pharmacist: When you apply this offer, you are certifying that you have not submitted a claim for reimbursement under any federal, state, or other governmental programs for this prescription. Participation in this program must comply with all applicable laws and regulations as a pharmacy provider. By participating in this program, you are certifying that you will comply with the terms and conditions described in the Restrictions section below.

Pharmacist instructions for a patient with Eligible Third Party: Submit the claim to the primary Third Party payer first, then submit the balance due to Change Healthcare for COB (coordination of benefit) with patient responsibility amount and a valid Other Coverage Code, (e.g. B). The patient pay amount submitted will be reduced by up to $80 on the next 12 prescriptions after paying the first $20. Reimbursement will be received from Change Healthcare.

Pharmacist instructions for cash-paying patient: Submit this claim to Change Healthcare. A valid Other Coverage Code, (e.g. J1) is required. The patient pay amount submitted will be reduced by up to $80 on the next 12 prescriptions after paying the first $20. Reimbursement will be received from Change Healthcare.

Other Coverage Code required: For any questions regarding Change Healthcare online processing, please call the Help Desk at 1-800-422-5604.

Restrictions: This offer is valid only in the United States. Offer not valid for prescriptions reimbursed under Medicaid, a Medicare drug benefit plan, Tricare or other federal or state health programs (such as medical assistance programs). If the patient is eligible for drug benefits under any such programs, the pharmacist must offer the patient the Medicare Part D savings option. Offer not valid for patients with commercial insurance or any other governmental insurance program, including Medicare Part D. If the patient satisfies Medicare Part D eligibility, he or she must stop taking his or her Daytrana patch in accordance with Medicare Part D program rules, and enroll in a Part D plan to receive this offer. This offer is not transferable and is limited to one offer per person. Not valid if reproduced. Void where prohibited by law. Program managed through ConnectRx on behalf of Noven Pharmaceuticals. The parties reserve the right to rescind, revoke or amend this offer without notice at any time. The amount of the reimbursement cannot exceed the patient’s out-of-pocket expenses. Product dispensed pursuant to program rules, and federal and state laws.

Use of the DAYTRANA® (methylphenidate transdermal system) Patch

The Daytrana patch contains a prescription central nervous system (brain) stimulating medication used to treat ADHD in children and adolescents 6 to 17 years old. Use of the Daytrana patch may help improve attention and decrease impulsivity and hyperactivity. The Daytrana patch should be used as a part of a total treatment program for ADHD that may include counseling or other therapies.

Important Safety Information

IMPORTANT: Daytrana is a controlled substance (CII) because it can be abused or lead to dependence. Keep Daytrana in a safe place to protect it from theft. Selling or giving away Daytrana may harm others and is against the law. Tell the prescribing doctor if your child has ever been or is currently abusing or addicted on alcohol, prescription medicines or street drugs.

The Daytrana patch should not be used if your child has been diagnosed as very anxious, tense, or agitated; has an eye problem called glaucoma; has a history of seizures; uses tobacco; is pregnant; or has any other reason to believe taking aMAO inhibitor (MAOI) medicine or has discontinued an MAOI medicine in the last 2 weeks; or is allergic to methylphenidate, acrylic adhesive, or silicone adhesive.

Serious heart problems have been reported with the Daytrana patch or other stimulant medicines including:

• sudden death in people with heart problems or heart defects
• stroke and heart attack in adults
• increased blood pressure and heart rate

Tell the doctor if your child or a family member has any heart problems, heart defects, or increased blood pressure and heart rate. Remove the Daytrana patch and call the doctor right away if your child has any signs of heart problems such as chest pain, shortness of breath, or fainting while using Daytrana. Before you start using Daytrana, tell your doctor if you have or your child has numbness, pain, skin color change, or sensitivity to temperature in your fingers or toes.

Serious mental (psychiatric) problems have been reported with the Daytrana patch or other stimulant medicines including:

• new or worsening depression, abnormal movements (tardive dyskinesia), or other unusual or extreme changes in behavior or mood
• new or worse bipolar illness or mania (an extreme increase in activity or talking)
• new or worsening psychosis (hearing or seeing things that are not real, being suspicious, or distrustful, believing things that are not true)

Tell the doctor about any mental problems your child or family members have experienced including suicide or depression, bipolar illness, mania, or psychosis. Call the doctor right away if your child has any new or worsening mental symptoms or problems while using the Daytrana patch.

Complete the following medication guide and review the information below before giving Daytrana® (methylphenidate transdermal system) Patch to your child. Be sure to tell the doctor if your child is pregnant or breast feeding.

Serious side effects such as seizures (this usually happens in children with a history of seizures), painful and prolonged erections (priapism), slowing of growth (weight and height), persistent loss of skin color (chemical leukoderma) and sight changes or blurred vision have been reported with the Daytrana patch. Because the potential for lasting damage, seek immediate medical help immediately if you or your child develops priapism. Your child should have their height, weight, and blood work checked while using the Daytrana patch and the doctor may stop treatment if a problem is found during these check-ups. Allergic skin rash may occur. Stop using the Daytrana patch and see the doctor right away if swelling, bumps, or blisters happen or are around the site where the patch is applied. If the patch is worn longer than 9 hours in a day, or more than 1 patch is worn at a time, too much medicine has been applied. Avoid exposing the Daytrana patch to direct external heat sources such as hair dryers, heat pads, electric blankets, heated water beds, or other heat sources while wearing the patch. Heating the patch could cause too much medicine to pass into your child’s body and cause serious side effects.

The most common side effects seen while using the Daytrana patch include skin problems (redness, small bumps, itching) which the patch is applying to, appetite, nausea, stomach pain, weight loss, loss of appetite, sleep difficulties, mood swings, and dizziness.

Please read Medication Guide and Full Prescribing Information including the Boxed Warning regarding abuse and dependence.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit http://www.fda.gov/medwatch or call 1-800-FDA-1088.
